## THE A-MAZE-ING UNDERGROUND EVALUATION FORM

1. How well did the game fit into your curriculum?

2. What value did the game have to your student learning outcomes, and how did you determine this?

3. What feedback did the students provide to you about the game?

4. What did your students like most about the game? What did they find most difficult?

5. What did you like most about the game? What could be done to improve it?

6. Please indicate your level of agreement or disagreement with the following statements  
(5 meaning you strongly agree and 1 meaning you strongly disagree)

	Disagree			Agree	
Plant growth (and the elements they need to survive) is an important part of my curriculum.	1	2	3	4	5
Information on the role of farmers and the importance of agriculture is beneficial to me.	1	2	3	4	5
The content of the A-Maze-ing Underground was relevant to my curriculum needs.	1	2	3	4	5
Playing the game was a positive learning experience for my students.	1	2	3	4	5
The game had content that was appropriate to the grade level of my students.	1	2	3	4	5
The instructions had enough information to prepare students to play the game.	1	2	3	4	5

The profile cards & information on horizons at the end of the game were helpful follow-up material and would provide me with tools I could use in class. 1 2 3 4 5

This game represents a great vehicle to present soil quality material to students. 1 2 3 4 5

**7. Based on these statements, do you have any suggestions for changes or future improvements?**

**8. Based on the game experience, would you incorporate the completed game into your classroom teaching materials?**

**9. Please add any further comments you would like to share on your experience with the game, how it compliments classroom resources and its effectiveness in student learning.**
